OUR VISION & MISSION

To Go above & Beyond for You

To provide competitive services and Solution to be the partner of choice delivering value in the market

Falcon Transportation Network and Services location

Oman

Reliable LTL Shipping

Less-Than-Truckload Freight Shipping Services

Less-Than-Truckload freight shipping is used for the transportation of smaller freight that doesn't require a whole trailer or truck. When using LTL shipping services, you'll **only pay for the portion of the truck or trailer** that your freight occupies, while the other shippers will pay for the space filled by their freight.

At **Falcon Services and Logistics**, we offer highly-affordable, fast LTL overnight shipping.

If you're looking for LTL services throughout the country and within GCC, the team Falcon Services can help!

Reliable FTL Shipping

Full Truckload Freight Shipping Services

The experts or import with **Falcon Services** offer multiple cost-effective solutions to get your cargo where it needs to be, including Full Truck Load shipping throughout Sultanate of Oman and GCC.

Our FTL shipping can work out to be the more economical solution for larger shipments that have to fill the entire space of a truck.

FTL shipments typically will arrive at their destination quicker because the truck is carrying a dedicated load, makes no other drop-offs, or pickups along the journey.

Manpower Services

We at **Falcon Services** facilitate our clients with Manpower Services with the help of our skilled laborers. They assist our clients in packing, loading, unloading, unpacking and various other services.

We ensure to provide these services in an appropriate manner to protect the goods or commodities from any damage. Our services are highly acknowledged for being reliable and flexible.
